4. There are 16 Soviet jet fighters and 4 transports at the recently repaired North Field, Mukden. These planes are all piloted by Soviets, who are billeted at the Air Force Building on Nanking Road.
5. No planes are permanently stationed at Mukden airfields, but plane traffic is constant through East Field and North Field. There are no radar or anti-aircraft installations at these fields. They are guarded by 1,300 troops.
6. During December a large number of planes arrived at Shanghai.
7. From three to five planes occasionally use Changkueichuang (張貴莊) Airfield, Tientsin, for refueling, but no planes are stationed there. One battalion of troops is guarding the field. In early November construction was started on an airfield at Yangts'un (117-05, 39-23), 20 miles from Tientsin. This construction was still under way in December.
8. On about 20 December there were 40 Soviet jet fighters, 37 former Nationalist light bombers, and 28 transports at Hsiyuan (西園) Airfield, Peiping. There
